WHO WE SERVE

Clinical integrity and cost efficiency, delivered together

Every review is built to improve member outcomes while helping partners manage cost—CareReview's consistent dual value proposition, for institutional partners nationwide.

Health Plans

Accurate, evidence-based review at speed—freeing medical directors for strategic priorities.

PBMs

Specialty-matched clinical experts who protect PBM neutrality and plan-sponsor confidence.

TPAs

A scalable, compliant clinical partner that frees TPAs to focus on their self-funded clients.

Self-Funded Employers

Independent clinical review that meets ERISA fiduciary duty, with measurable outcomes.

Government Programs

Clinical review built to the compliance standards government programs require.

Long-Term Disability Carriers

Specialty physician expertise evaluating functional impact and providing objective, well-reasoned clinical opinions that support informed, defensible disability determinations.

WHAT WE REVIEW

Eight solution lines, under one roof

Customizable clinical review spanning medical, pharmacy, disability, and workers' compensation.

Health Review

Medical necessity & appropriateness of care

Pharmacy Review

Medication review, including Part D appeals

Nurse Review

Nursing-level clinical assessment

Payment Integrity

Payment verification, appropriate-cost care

Life & Disability

Long-term disability & life insurance review

Independent Medical Exam

Independent examiner evaluations

Workers' Compensation

Claims review & assessment

Specialty Bill Review

Focused bill review

STRADIX® — OUR TECHNOLOGY

One cloud platform, configured to every client

Designed for efficiency and flexibility, Stradix® is CareReview's proprietary cloud platform—helping clients meet their unique needs in a cybersecure environment.

Client Portal

Make referrals, retrieve essential information, and work within custom fields configured to your organization's needs—one platform, built for every line of business. System integrations are also available when your organization prefers to work directly from its own platform.

Reviewer Portal

Portable, round-the-clock access built around each case—with case-specific instructions, medical records, diagnostic images, and regulatory requirements in reach. Reviewers can also manage their availability, keep licenses and certifications current, and message the team directly—no email required.

Findings & Audit Trail

Every finding—plus reviewer clarifications, license and availability updates, and any team communication—is documented and tracked in Stradix®, tying it all to full case history for a clear, defensible record.

✓ Built for every line of business

✓ Custom fields per client

✓ APIs, SSO & automation

✓ 24/7 reviewer access

✓ Full case audit trail

WHY CAREREVIEW

Trusted. Accredited. Committed to better outcomes.

Full URAC Accreditation
